

Voluntary Industry Reporting Form for 6(a)(2) Adverse Effects Incident Information -002

Provide all known, required information. If required data field information is unknown, designate as such in appropriate area.

Row 1 Administrative Data	Reporter Name Jennifer Greminger	Submission date. January 31, 2019	Contact person (if different than reporter) Joy Thompson	Internal ID 32511948, 13674558
	Address Monsanto Company Mail Stop C3NA 800 N Lindbergh Blvd. St. Louis, MO 63167		Address Missouri Regional Poison Center (MRPC) 7980 Clayton Road, Suite 200 St. Louis, MO 63117	
	Phone # (314) 694-1538		Phone # (314) 772-8300	
	Incident Status: New <u>X</u> Update If update, include date of original submission.	Location and date of incident. (City, County, State) State: California Date: 12/20/2018	Date registrant became aware of incident. 1/20/2019	Was incident part of larger study? Y__N__X__U__
Row 2	EPA Registration # (Products)			
Pesticide(s) Involved	71995-33			
	A.I. (s) Glyphosate 2% Pelargonic Acid 2%			
	Product Name(s): Roundup Weed and Grass Killer Ready to Use III			
	Exposed to concentrate prior to dilution? Y__N__U__NA__	Exposed to concentrate prior to dilution? Y__N__U__NA__	Exposed to concentrate prior to dilution? Y__N__U__NA__	
	Formulation	Formulation	Formulation	
Row 3 Incident Circumstances	Evidence label directions were not followed? Yes__ No__U__X__ Intentional misuse__	Incident site: (examples include home, yard, school, industrial, nursery/greenhouse, surface water, commercial turf, building/office, forest/woods, agricultural (specify crop) right-of-way (rail, utility, highway).	Situation (act of using product): (examples include mixing/loading, reentry, application, transportation, repair/ maintenance of application equipment, manufacturing/ formulating). See MRPC incident report (next page)	
	Applicator certified PCO? Yes__No__U__			
	How exposed: (examples include direct contact with treated surface, ingestion, spill, drift, runoff) See MRPC incident report (next page)	Brief description of incident circumstances. See MRPC incident report (next page). Caller also contacted distributor directly, and both calls are reported here together.		

DOCUMENTUM

**Human Exposure / Adverse Effect Incidents
Involving Monsanto Agricultural Products**

Reporting Categories: H-A, H-B, H-C

Reporting Period: December 1, 2018 – December 31, 2018

Substance:	Roundup Weed and Grass Killer Ready to Use III
Serial Number:	32511948, 13674558
Date:	12/20/2018
Medical Outcome:	Moderate Effect H-C
EPA Reg. No.	71995-33
Active Ingredients:	Glyphosate 2% Pelargonic Acid 2%
State:	California
History and Notes:	<p>Caller was using Roundup Weed Grass Killer in a pressurized sprayer. There was a malfunction and he was sprayed in the face, mouth, and eyes with the diluted product. Exposure was 20 minutes ago. Caller has already done first aid procedures. Eye has been irrigated and mouth rinsed out. He spit out most of the spray in his mouth. He has also rinsed with Listerine and brushed his teeth. Caller is reporting a foreign body sensation and occasional tear from the eye. There is redness and a small area of swelling under the eye on the lid. MRPC recommended further ocular irrigation. On follow up, the man stated his eye is worse, the water hurt as it was going through and it is now more swollen. The man was referred into an Urgent Care Center or an ED for ocular examination and treatment. Later, follow up, the man denies going to ED or urgent care, stating "My eye is swollen, my girlfriend called and it was a 5 hour wait so I took a Tylenol. The urgent care across the street is closed. She went to get eye irrigation or drops. My eye keeps watering and it hurts to open it" MRPC discussed risks for corneal abrasion and advised to avoid using any over the counter product until after being evaluated by eye doctor. Encouraged to find another Urgent care or Eye Center. Unable to obtain follow up the next day. The man called back to the MRPC 2 days later and reports there was a piece of plastic imbedded in his eye and wanted to express thanks for the referral into the ED. He is still seeing an eye doctor and dealing with the issue.</p>
